Pleasure Cruise

First Class Yacht Rock

The smooth sounds of the late 70s and early 80s.
Yacht rock, blue-eyed soul, and the songs you never stopped singing.

Come on, admit it -- you miss the smooth rock jams of the 70s and early 80s. These are the songs you hum in an elevator, sing out loud in the shower, or scream at the top of your lungs cruising up the Pacific Coast Highway. It's time to succumb to your desires and join the boys of Pleasure Cruise on your escape down memory lane. Grab a sparkling glass of Riunite, steal away, and ride like the wind into the experience of a lifetime.
