SABOTAGE

PUTTING AN A.P.B. ON 90'S ALTERNATIVE ROCK

An off-duty modern rock experience. Four guys. Full 70s cop gear. 90+ songs. Zero apologies.

Sabotage is a high-energy 90s alternative rock tribute band that delivers the real deal — no watered-down covers, no safe picks. Pearl Jam. Nirvana. Green Day. Sublime. Rage Against the Machine. Beastie Boys. The hits that defined a generation, played live with the intensity they deserve. Taking a fashion cue from the Beastie Boys' "Sabotage" video, the band shows up in full 70s cop show gear — Barney Miller mustaches, aviator glasses, badges, and holstered pistols. It's part concert, part spectacle, and 100% crowd engagement.
